WHERE THE UNREACHED MILLIONS OF THE WORLD ARE WAITING

Task of Gigantic Proportions Set for the Christians of America—
Great Work of Congo Reform Association in Heart of Africa—
The Magic Touch of Christ and a Glorious Awakening—Protestant Sunday School Army Now 28,701,489 Strong—Student Work in Japan—The Cost of Religion and Some Comparisons—Eighty Million Children Without the Light.

—BY SOUTHERN MISSIONARY NEWS BUREAU—
Ida Clyde Clark—Editor

The emergence of Japan as a world force, the awakening of China, the ferment of social and political ideas in India, the quickening of national consciousness in Persia and the remarkable political and religious readjustment taking place in Moslem lands, from the island Sumatra on the east to Constantinople on the west, are conditions which will tax to the utmost the wisdom and faith of the Christian statesman who prays and plans for the extension of the kingdom of God in all the earth.

The task of evangelizing the world is one of gigantic proportions. To furnish one missionary to every 25,000 heathens the American churches must increase their force from 4,000 to 20,000 missionaries and their gifts from \$9,500,000 to \$40,000,000 annually. This is assuming that the Christians of America are responsible for 500,000,000 of the unevangelized. This, large, as it seems, is less than one-fifth of what is spent on the churches at home, less than a street car fare a week per church member.

Of these unevangelized millions assigned to one denomination alone, 20,000,000 are in China, within that Gibraltar of missions at whose unyielding front missionaries have been pounding for more than half a century.

In an appeal to the people of this denomination, one of the secretaries says:

"In the Sunrise Kingdom of Japan there are 7,000,000; in Korea, that land of spiritual martyrs, where the revivifying fires never wane, there are 2,000,000 broken-hearted people; in Brazil, the rich and wonderful land of the Southern Cross, there are 5,000,000; Mexico presents the problem and privilege of evangelizing 5,000,000 of her population; Cuba, the Pearl of the Au-

titles, nestles close to our shores and there 1,000,000 people await the glad tidings."

This constitutes an army equal to one-half the whole population of the United States. As one writer has said: They come from the East and the West, all open and friendly to us, vexed with vague unrest and full of unvoiced questionings. We are their hope, we hold their destiny in our hands. Shall we fail them?"

Great Work Completed

The Congo Reform Association formed nearly ten years ago, having finished the task for which it was created, recently disbanded. It was through this organization that startling charges were brought against King Leopold of Belgium for his campaign of cruelty in connection with the gathering of crude rubber by the natives of the Congo basin. The association focused the attention of the civilized world upon an intolerable situation and brought to bear upon it all the forces of righteous public indignation.

The association had five objects, each of which has been attained. They were: The abolition of atrocities; the abolition of the main features upon which the slave system reposed; the separation of the administrative from the commercial element; direct taxation in place of irregular demands for rubber; freedom of trade.

The civilized world owes a great debt to the Englishmen who formed this association. For 25 years the Congo country was the scene of some of the most ruthless savagery ever practiced by white men upon a dependent people.

It is said on good authority that during the Leopold regime the Congo population was reduced from 20,000,000 to 8,000,000.

The Magic Touch
How often do we forget that

the pony effort of a feeble man there may be added the infinite power that swings solar systems! A half dozen good women in the city of Amoy, heart-burdened with the thought of China's childhood suffering the tortures of foot-binding, met in the home of a humble missionary and decide to organize an anti-foot binding society. A few decades later an imperial edict abolished the custom and fifty million helpless babies were saved from intolerable anguish and crippled lives.

A Presbyterian missionary and a Methodist missionary doctor in the city of Soochow discuss the awful evil of a hundred and fifty million people debauched by opium and decide to organize an anti-opium society. A few years later a petition is presented to the throne signed by one thousand three hundred and thirty-three missionaries. A month later, in almost the identical language of the petition, an imperial edict is promulgated, prohibiting the habitual use of opium and making provision for the abolition of the traffic.

A mission press decides to print a calendar in the Chinese language and spread it broadcast over China. The leaven works until an imperial mandate goes forth proclaiming the Lord's Day a universal day of rest. Wear millions find surcease from toil. Confucianism, Buddhism and Taoism are discredited and the cross of Jesus Christ is raised over the most populous nation of the world.

When Kung Yu Wei, the splendid leader of the reform movement of 1898, was interviewed at Hongkong, the editor of the Chinese Mail said to him: "China has not had a patriot in a hundred years, and now you suddenly appear, the embodiment of the highest patriotism and the wisest statesmanship. I don't understand it. Where did you get you information and your inspiration?" The reply was: "From two men—Timothy Richards, an English Baptist missionary and Young J. Allen, a Methodist missionary from America."

Which of the great reforms in China that have startled the world within the last twenty-five

years cannot be directly or indirectly traced to the touch of Christ upon the nation?

Great Sunday School Army

The Protestant Sunday School

Army of the world now numbers

28,701,489, or equal to one-third

of the population of the United

States. This is a gain over three

years ago of 690,295 members.

The most notable gains are in

Asia where reports show 8,113

new schools, with 316,818 more

pupils enrolled than there were

enrolled three years ago.

Student Work in Japan

There are 600,000 students

above the primary grade in Ja-

pan. A committee of mission-

aries has been formed to reach

these young men and women

with Christian literature and a

little sheet called "The Morning

Light" is being widely distribu-

ted. One of the Committee

says: "We believe we can reach

100,000 students and that we can

influence three times that many.

We will soon be distributing 10,-

000 papers."

Fourteen student hotels in Ja-

pan have been made possible by

an American gift of 50,000. When Secretary Kim entered on his office two years ago there were but two Korean Christians in this student community and now there are eighty.

The Cost of Religion

Sometimes one hears the com-

plaint that religion is too costly.

Going to church we are told costs

too much nowadays, and men

say that the gospel should be

preached without money and

without price. "The Lutheran"

makes this reply: "Last year

about \$250,000 was spent to keep

the work of 142,000 churches in

America going—an average of

about \$7.00 per communicant

member. One would think that if

religion is really worth much it

should make much heavier de-

mands on the purse than that.

Confectionery and soft drinks,

however, seem to be worth more

to the American people than re-

ligion, for \$320,000,000 is spent

for these articles. The automo-

bile bill is double what it costs

to run the churches, and the jew-

elry bill exceeds it more than

Lumbago-Sciatica Sprains

"The directions says, it's good for lumbago, too.—Sloan's cured my rheumatism! I've used it and I know." Do you use Sloan's?

Here's Proof.

"I had my back hurt in the Boer War and two years ago I was hit by a street car. I tried all the usual remedies, but was no good. Then I got your Liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."—Fletcher Norman, Whiter, Calif.

Instant Relief from Sciatica

"I was kept in bed with sciatica since the first of February, but I had almost instant relief when I tried your Liniment."—W. H. Hawkins, Frankfort, Ky.

Sprained Ankle

"As a user of your Liniment for the last 15 years, I can say it is one of the best on the market. Fifteen years ago I sprained my ankle and had to use crutches, and the doctors said I would always be lame. I tried all the usual remedies, but was no good. Then I got your Liniment and after using it night and morning for three months I could walk without a cane and ran as good as any of the other men in my department. I have never been without a bottle since that time."—Mr. William H. Briscoe, Central Islip, N. Y.

DOCTORS DID NOT HELP HER

Mrs. LeClear's Health—
Her Own Statement.

Detroit, Mich.—"I am glad to discover a remedy that relieves me from my suffering and pains. For two years I suffered bearing down pains and got all run down. I was under a nervous strain and could not sleep at night. I went to doctors here in the city but they did not do me any good."

"Seeing Lydia E. Pinkham's Vegetable Compound advertised, I tried it. My health improved wonderfully and I am now quite well again. No woman suffering from female ills will regret it if she takes this medicine."—Mrs. JAMES G. LECLEAR, 330 Hunt St., Detroit, Mich.

About two or three days before my periods I would get bad backaches, then pains in right and left sides, and my head would ache. I called the doctor and he said I had organic inflammation. I went to him for a while but did not get well so I took Lydia E. Pinkham's Vegetable Compound. After taking two bottles I was relieved and finally my troubles left me. I married and have two little girls. I have had no return of the old troubles."—Mrs. CHAS. BOELL, 2650 S. Chadwick St., Phila., Pa.

HOW WOULD YOU LIKE

To go To Palm Beach, St. Augustine and Jacksonville, Fla.,
at the Idle Hours Expense

ON THE 20TH DAY OF FEBRUARY

It will be nice, warm and sunny at Palm Beach, Fla., February, 20th. It will be cold, snowy and disagreeable in Earlington on this date. Some young lady or otherwise will have an opportunity to get a free trip to the land of flowers on February 20th. This is the plan. The Idle hour will send the lady who sells the largest number of 10 cent tickets between November 10 and February 20th on a free trip, all expenses paid to Chattanooga, Tenn., Jacksonville, St. Augustine and Palm Beach, Fla. The trip will be made in a pullman car both going and returning and she will be accompanied by 100 other young ladies sent by the various picture shows throughout the country and under a suitable chaperone. Full particulars of the trip will be announced later.

Beans on a Stick.

Little Ethel was only four years old, and her mother was spending the day with a friend who had corn boiled on the cob on the table when dinner was served. Little Ethel had never eaten corn cooked this way before, but was very fond of it, and when she had carefully eaten every grain of corn from the cob, she passed the cob to the waiter and said, "Please, mam, put some beans on my stick."

Push Cart Fortune.

The proprietor of the finest cafe in Los Angeles formerly sold "hot tamales" from a push cart, and although he is now wealthy, he still preserves this old vehicle. In erecting a business block to house his modern restaurant he built a cupola just large enough to contain the old tamale cart, and it may be plainly seen from the street.

Eighty Million Untouched Children

There are over 80,000,000 Moslem children in the world; and Miss Von Mayer, writing from Samarkand, says: "I shall gather information as to numbers, education and morality of children here, but I cannot contribute anything as to the religious work

done, for not a single one of the one and a half million Moslem children in this field, at any time or any where comes into contact with Christianity." It is an undeniable fact that Moslem childhood has had a pitifully small share hitherto, in the ministry of the Christian Sabbath school.

Forty Years Work

About forty-four years ago, Rev. D. C. Greene and his wife went out to Japan as missionaries of the American board. Since then Dr. Green has been occupied with preaching, teaching, committee work and Bible translation. He has gained an honored place not only among the members of his own mission, but is highly esteemed by foreigners and Japanese in all departments of life. Recently he has exerted his influence to promote good feeling between the land of his birth and that of his adoption.

In recognition of this the Emperor of Japan has conferred upon him the Third Order of the Rising Sun. Dr. Greene's share in the tremendous changes of forty years make him worthy indeed of the honor that has come to him.

SEVERE BRONCHIAL COUGH

Doctors Feared Lung Trouble, Restored to Health by Vinol.

The medical profession does not believe that lung troubles are inherited, but a person may inherit a weakness or tendency to them.

Mrs. Kate Heckman, Springfield, Ohio, says: "A few years ago I was in a very bad run-down condition, and the physician told me I had consumption. I tried another physician, and he told me I had ulcers on my right lung. I quit the physician and started on 'Vinol.' Today I am perfectly healthy, and that is why I recommend 'Vinol'."

'Vinol' soothes and heals the inflamed surfaces and allays the cough. 'Vinol' creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

"Try a bottle of 'Vinol' with the understanding that your money will be returned if it does not help you."

"P.S.—For any skin trouble try our 'Vineal' Salve." We guarantee it.

Mrs. Kate Heckman, Springfield, Ohio, says: "A few years ago I was in a very bad run-down condition, and the physician told me I had consumption. I tried another physician, and he told me I had ulcers on my right lung. I quit the physician and started on 'Vinol.' Today I am perfectly healthy, and that is why I recommend 'Vinol'."

'Vinol' soothes and heals the inflamed surfaces and allays the cough. 'Vinol' creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

"Try a bottle of 'Vinol' with the understanding that your money will be returned if it does not help you."

"P.S.—For any skin trouble try our 'Vineal' Salve." We guarantee it.

done, for not a single one of the one and a half million Moslem children in this field, at any time or any where comes into contact with Christianity." It is an undeniable fact that Moslem childhood has had a pitifully small share hitherto, in the ministry of the Christian Sabbath school.

Forty Years Work

About forty-four years ago, Rev. D. C. Greene and his wife went out to Japan as missionaries of the American board. Since then Dr. Green has been occupied with preaching, teaching, committee work and Bible translation. He has gained an honored place not only among the members of his own mission, but is highly esteemed by foreigners and Japanese in all departments of life. Recently he has exerted his influence to promote good feeling between the land of his birth and that of his adoption.

In recognition of this the Emperor of Japan has conferred upon him the Third Order of the Rising Sun. Dr. Greene's share in the tremendous changes of forty years make him worthy indeed of the honor that has come to him.

Doctors Feared Lung Trouble, Restored to Health by Vinol.

The medical profession does not believe that lung troubles are inherited, but a person may inherit a weakness or tendency to them.

Her infinite Variety. As we sit down and ponder over the summer scurvy we find the hand that wields the canoe paddle now wields the broom. The puppys on river banks are now in a small dining room. The gazing at the sky in summer time is now looking to see if the wash can safely be put out. The hand in the wash tub is the hand that trailed over the canoe side. The soft voice in quiet lanes is now—Don't you think it's a cruel world? Kirkwood Courier.
